Dear Dr. Kurpius:

The California Air Resources Board (CARB) is submitting the enclosed 2019 Annual Network Plan, as required by the Code of Federal Regulations, Title 40, Part 58.10. The Annual Network Plan details the operations of the monitoring networks in 25 air districts in California, including monitoring sites operated by CARB and other agencies in these jurisdictions. Ten other California air districts will independently prepare and submit their own Annual Network Plans.

The CARB Annual Network Plan was made available for a 30-day public review from June 5 to July 5, 2019, and no comments were received. If you have any comments or questions regarding this report, please contact me at (916) 322-2085 or via email at ravi.ramalingam@arb.ca.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read "Ravi", is written over a blue circular stamp or seal.
